

Requirements for International Medicine Rotation or International Research Rotation Ohio University College of Osteopathic Medicine

To get credit for an international medicine rotation or research rotation students must do the following:

1. Maintain weekly email contact with the Director of International Programs (Gillian Ice at iceg@ohio.edu).
2. Maintain a procedure log (Clinical rotations only as required for all 3rd/4th year rotations).

WITHIN ONE MONTH OF RETURNING FROM ROTATION

3. Complete the following evaluation forms:
 - CORE Student Evaluation (as required for all 3rd/4th year rotations)
 - International Medicine Site Evaluation or International Research Site Evaluation
 - Preceptor Evaluation of a Student
4. Complete a paper.
 - For clinical rotations: Prepare a 3-5 page paper containing medical and cultural experiences and case studies.
 - For research rotations: Prepare a scientific paper on research results.
5. Give a presentation.
 - For clinical rotations: Prepare a slide/PowerPoint presentation describing your experience. This can be conducted at your CORE site but should broadcast via videoconference to OU-COM
 - For research rotations: Prepare a poster presentation on research results to be delivered at a state or national medical conference.
